DID YOU KNOW? Monitor online activity on all devices

In the past, parents had been advised to place the family computer in an open area such as a kitchen or family room so that they may easily monitor activity. Today, most social contact, especially among young people, is conducted almost exclusively on smart phones and tablets. Technology continues to rapidly change. All of us must continue our efforts to stay abreast of the many new mobile device apps that may be used by young people to communicate with others and could potentially be used to manipulate or abuse them. For a copy of the VIRTUS® article “Mobile App Danger,” email: jvienna@la-archdiocese.org.

¿SABIA USTED? Monitoree en línea la actividad de todos los aparatos

En el pasado, se ha advertido a los padres de familia que coloquen la computadora de la familia en un área abierta como la cocina o el cuarto de descanso familiar para que ellos puedan monitorear con facilidad toda actividad. En la actualidad, la mayor parte del contacto social, especialmente entre los jóvenes, es conducida casi exclusivamente a través de los teléfonos celulares y las tabletas. La tecnología continúa cambiando rápidamente. Todos debemos continuar nuestros esfuerzos de mantenernos informados sobre las muchas nuevas aplicaciones para aparatos móviles que pueden ser usados por las personas jóvenes para comunicarse con otros, y que potencialmente pueden ser usados para manipular o abusar a jóvenes. Para una copia del artículo en VIRTUS® “Mobile App Danger” (Peligro de las aplicaciones móviles) por favor envíe un email a: jvienna@la-archdiocese.org.
